I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2011-12)

This section provides information about the school, its programs and its goals.

To accomplish this mission, the school's vision is for full implementation and refinement of the following goals:

- Grade-level performance of all students in reading, writing, and math at their instructional level.
- Integrate and coordinate student services and provide standards based materials for grade level instruction.
- Instruct to district expectations and to state standards and challenges.
- Provide meaningful and regular opportunities for parents and community members to become partners in education.
- Ensure access to core curriculum by budgeting for materials, by providing staff development, and by monitoring instruction.
- Improve accountability by gathering data of subgroup populations and by writing specific improvement plans for those subgroups.
- Develop student pride in achievement, responsibility, ethnicity, culture, heritage, and primary language proficiency of self and of others.
- Lead proactively and with high expectations of staff, of student achievement, and of parent involvement.
- Ensure all students will be educated in learning environments that are safe, drug free and conducive to learning.
- All Limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics. Kern Avenue is a K-5 elementary school. It has a standard nine-month calendar. As of October 2011 Kern Avenue's enrollment is 1,100 students. Kern Avenue was built in 1936 and is located 28 miles North of Bakersfield.

The school has a total of 64 certificated staff, including a Principal, Learning Director, 2 Reading Coaches, two Literacy Teachers and a Counselor. Our school district employs a Math Coach, ELD Coach and Technology Support Team that provide service to all district school sites. A school library clerk and 5 special education instructional aides provide direct instructional support for our students. An additional 6 safety patrol aides help to maintain supervision of our students outside of the classroom.

Kern Avenue students are primarily of Hispanic descent and make up the largest sub-group of students, accounting for approximately 98% of the total student population. Approximately 67% of the Hispanic sub-group are identified as EL learners. Kern Avenue is a school-wide Title I school. Approximately 100% of the students have been identified as socio-economically disadvantaged and the ethnic composition of the school staff mirrors that of the student population with approximately 66% of the staff being of Hispanic descent.

Kern Avenue is in year six of participation in Program Improvement.

Kern Avenue encourages parents to participate in their child's education by promoting communication through parent nights, conferences, family picnic days, and verbal and written correspondence. Kern Avenue has a parent policy that includes a parent compact to help strengthen the partnerships between the home and school. Parents, students, teachers and the Principal are asked to sign this compact during parent conferences. Teacher/Parent conferences and parent meetings are held to explain the State Standards and how to interpret their child's STAR results. Teachers present the grade level standards to parents at Back to School Night. Parents are also given a copy of the grade level standards. Parent meetings are designed to assist the parents on how they can help their child at home. Parents are able to utilize the online Parent Portal within the Infinite Campus student data system. The school also provides the parents with a yearly school calendar outlining the special events for the school year. Administration, teachers, and parents represent Kern Avenue's School Site Council. Parents, elected by their peers, represent the majority sub-group on the council, and represent all student sub-groups. The school site council helps to develop the school wide plan and the parent compact. The parents are welcome to observe in the classrooms, and encouraged to volunteer their assistance in the classrooms.

Kern Avenue receives input and oversight from the School Site Council, ELAC, DELAC, Migrant, as well as outside consultants regarding the planning, implementation, and evaluation of consolidated application programs.

School Facility Conditions and Planned Improvement (School Year 2012-13)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The Kern Avenue school was originally built in the 1930s and construction of new buildings has occurred periodically up until 2007. No new construction or additional buildings have been added since that time due to limited electrical power capacity for the site. Although some buildings are aged, all aspects of the facility are well maintained and kept in good repair with the exception of the original school building which is constructed of unreinforced masonry. No students are housed in this building. It is used exclusively as a storage area for surplus furniture and equipment.

The most recent Williams Inspection report graded the site as exemplary with a score over 99%.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	1	1	3
Similar Schools	2	3	6

Academic Performance Index Growth by Student Group - Three-Year Comparison

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011-12)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the six AYP criteria described above.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	No
Percent Proficient - Mathematics	No	No
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program (School Year 2012-13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Professional growth activities are planned annually based on current need and input received from staff. The district provides three districtwide staff development days annually. In addition, teachers attend various conferences outside of the district with the intent to extend their knowledge and refine their skills.

Current and ongoing staff development includes:

- Weekly grade level meetings to analyze data, plan instruction, monitor student progress, and evaluate program effectiveness in teaching language arts, math and ELD standards;
- In-service programs provided on-site through the district office, the County Superintendent of Schools office, and through the Migrant program;
- Local conferences through the county offered regularly throughout the year for opportunities to further staff development;
- Demonstration lessons by classroom teachers and observations by BTSA providers lend additional support in developing exemplary teaching practices;
- A district ELD coordinator and an EL Resource Teacher at each site provide ongoing support for English Language Learners through classroom modeling, scheduling release time for teachers to visit each other and providing support with additional instructional materials;
- Two on site, full-time Reading Coaches to support teachers in the implementation of standards-based instructional practices and to establish pacing charts and consistent assessment tools for measuring mastery of content standards in language arts;
