## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

#### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2017-18)

### Vision Statement:

San Joaquin High School's vision is to encourage, guide, and support each student to rise to their highest potential in 21st Century skills so that they may be effective communicators, innovators, and participants in the global economy.

### Mission Statement:

San Joaquin High School's mission is to ensure each student graduates with a high school diploma and is ready to enter college and/or a career technical school.

San Joaquin High School (SJHS) a continuation high school housed at the McFarland Learning Center campus. SJHS is part of the McFarland Unified School District with a student population of approximately 3,600. McFarland Unified School District is located in the small, rural, and predominantly agricultural community of McFarland California, population approximately 14,000. McFarland is located in the southern part of the San Joaquin Valley, thirty miles north of Bakersfield, adjacent to State Highway 99. The main industry of the area is agriculture with the primary crops being almonds, grapes, oranges, roses, and kiwis.

### Our role at SJHS is three-fold:

1. To prepare students academically, emotionally, and behaviorally to return to McFarland High School
2. To promote articulation of curriculum and teaching of "same skills courses" that match those at MHS
3. To assist students in attaining sufficient credits and appropriate instruction to enable them to earn a high school diploma

SJHS serves students who are at risk of not graduating from high school because they are unable or unwilling to attend McFarland High School, the MUSD comprehensive high school. Various reasons for choosing SJHS include: personal hardships, pregnancy/childcare needs, special needs for work scheduling, and a positive alternative to the larger high school setting. The SJHS student population is considered "transitional" in that student enrollment is usually short term, limited to or usually one or two semesters, to enable the student to either make-up missing credits in order to graduate with his/her original class, overcome personal crisis, finish up a work season, or to obtain one-on-one assistance. However, a considerable number of students have graduated from this school.

An important factor in preparing students for return to MHS is that of being emotionally prepared. Some students attend because of behavior management challenges. Staff takes great pride in cultivating school culture and promoting the caring attitudes. We are able to assist our students in finding appropriate programs and services to meet their needs, assist them in developing appropriate behaviors and working to provide individualized assistance in overcoming difficulties (i.e. – counseling referrals, career counseling, and individual education planning) due to a higher teacher student ratio than the local traditional high school. Students with active IEPs receive additional support from the appropriate district specialists in special education and speech pathology in order to reach their goals and objectives. For students on probation, there is a continued collaboration between probation officers and our instructors. A team of classified employees support our certificated staff. District technology teams, psychologists, nurses, and other support staff are available on an as needed basis.

The curriculum of SJHS mirrors that of the comprehensive high school in that we follow the same course outlines in order to meet state standards across the curriculum. We readily confer with MHS counselors and staff to be sure we are providing for the needs of our students to enable them to return to MHS or to meet graduation course requirements. We consider the attainment of proficiency level in the basic skills enhanced by technological fluency to be beneficial to successful employment as well as further education and training. SJHS staff members are well-versed in technology and are striving to integrate its use throughout the curriculum in all our courses. District continuing support of technology and several grants have provided computers throughout the campus to assist our students in the mastery of skills, research, and the streamlining of their work processes. Each student is also provided with a personal Chrome Book to use for web-based computer instruction available to them outside of regularly scheduled school hours.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)**

**Year and month in which data were collected:** September 2017

McFarland Unified Schools District has adopted a seven year cycle for curriculum framework and standards development for the adoption of instructional materials and texts. The courses of study, frameworks, standards, and curriculum are in alignment with that of the district's comprehensive high school. San Joaquin High School meets Williams Act compliance.

### School Facility Conditions and Planned Improvements (Most Recent Year)

San Joaquin High School facilities are maintained in a manner that assures safety, cleanliness, and functionality. To assist in this effort, the MUSD Maintenance and Operations Safety Department conducts annual inspections as determined pursuant to a Facility Inspection Tool (FIT) developed and approved by the State of California, Office of Public School Construction (OPSC). The FIT evaluates a school facilities' good repair status with ratings of "good", "fair", or "poor". The results of this survey are available at the school office or at the MUSD maintenance department. In addition to the Williams Lawsuit settlement inspection, the site is inspected annually by the Kern County Fire Department. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. A pest/vermin reporting system is in place and issues are addressed as needed. San Joaquin High School consists of 4 buildings. Built in 1987, the main permanent building houses 6 classrooms, 3 offices, two sets of restrooms and miscellaneous storage areas. Two adjacent portable classrooms and an additional prefab 2-room classroom with restroom facilities was added in 2010. Students have access to two computer labs in the main building. The computer labs were upgraded with new computers in 2011-2012. A small soccer field and public library are within the same city block. In addition to SJHS, a continuation high school and an adult education program are also housed on the McFarland Learning Center site. A custodian cleans classrooms and grounds daily. The buildings are secured and alarmed at the end of each day. A new angle-iron security fence secures student area during school and assists in securing entry to the site when school is not in session. Multiple security cameras were installed in 2012 and a bell system was installed in 2013.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	6	--	27	27	48	48
Mathematics (grades 3-8 and 11)	6	--	18	19	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	--	--	--	--
Male	--	--	--	--
Female	--	--	--	--
Hispanic or Latino	--	--	--	--
Socioeconomically Disadvantaged	--	--	--	--
English Learners	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	--	--	--	--
Male	--	--	--	--
Female	--	--	--	--
Hispanic or Latino	--	--	--	--
Socioeconomically Disadvantaged	--	--	--	--
English Learners	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students  
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	14	6	29	28	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

**Career Technical Education Programs (School Year 2016-17)**

Students are provided with Career Technical Education Information through field trips and career counseling. Opportunities to participate in and to complete CTE programs are provided at the local traditional high school for students. Enrollment through San Joaquin High School is typically short term while students are in a transition period.

**Career Technical Education Participation (School Year 2016-17)**

Measure	CTE Program Participation
Number of pupils participating in CTE	0
% of pupils completing a CTE program and earning a high school diploma	0
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	0

**Courses for University of California (UC) and/or California State University (CSU) Admission**

UC/CSU Course Measure	Percent
2016–17 Pupils Enrolled in Courses Required for UC/CSU Admission	
2015–16 Graduates Who Completed All Courses Required for UC/CSU Admission	

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

**Opportunities for Parental Involvement (School Year 2017-18)**

San Joaquin High School strives to create an environment of increased parental involvement. Our administrative team and the entire faculty and staff actively practice an "open door" policy, believing that the school's parents and community members are an integral part of our success. Opportunities for involvement include participation in budget development (site and district) through LCAP/LCFF meetings held throughout the year, ELAC (English Learner Advisory Committee), DELAC (District English Learner Advisory Committee), and development of the Single Plan for Student Achievement (SPSA) . Parents are encouraged to access the student information system, Infinite Campus, online and on a phone app. Parents are encouraged to be a part of the team monitoring student achievement. Through the parent portal of the McFarland Unified School District's student information system, a parent can monitor his/her student's academic achievement, attendance, and behavior, as documented daily at the school. At least one member of ELAC is elected to serve at the district level, DELAC. Other opportunities for parental involvement include LCAP School Site Council, Back-To-School Night, Parent/Teacher Conferences, Career Day, field trip parent supervisors, and school/community events to mark significant milestones such as graduation ceremonies.

**State Priority: Pupil Engagement**

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

**Dropout Rate and Graduation Rate (Four-Year Cohort Rate)**

Indicator	School			District			State		
	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16	2013-14	2014-15	2015-16

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**Suspensions and Expulsions**

Rate	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

Expulsions	0.0	1.0	1.9	0.1	0.3	0.3	0.1	0.1	0.1

**School Safety Plan (School Year 2017-18)**

San Joaquin High School and the McFarland Unified School District have comprehensive emergency and safety plans in place using guidance outlined by California Education Code Sections 32280-32289. The district meets regularly with site administrators to coordinate school and district procedures and policies so that efforts remain viable and constant. A site and district representative attends annual training at the county level in order to stay apprised of updates from the county, state or national level. San Joaquin's Safe School Plan contains policies and procedures to handle school site emergencies. The school uses the SIMS/NIMS (State and National Incident Management System) protocols. Various roles with specific assigned responsibilities for dealing with various types of emergencies are outlined in the plan. The roles include incident commander, public information officer, scribe, logistics officer, planning and intelligence officer, and safety officer. San Joaquin High School's plan also contains policies regarding student discipline, child abuse, and crisis/emergency response. (SJHS) staff reviews and updates the School Safety Plan at a minimum of two times per calendar year. An updated phone tree of all staff members are revised each year and serve as a portion of the School Safety Plan. The site facility also has safety drills several times per year.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

**Types of Services Funded (Fiscal Year 2016-17)**

Special Education Services - Special education services, guided by Individualized Educational Plans, are provided to Special Education students through a credentialed Resource Teacher. The specially designed instruction is provided at no cost to parents to meet the unique needs of students with disabilities. In addition to core subject assistance, plans are created to assist students with transition from high school to employment and quality adult life.

English Language Development - English learners are enrolled daily in an ELD class designed to assist students in overcoming language barriers. In addition, all teachers have been trained in ELPD strategies constructed to ensure that English learners can access core curriculum and that English learners are able to participate meaningfully and equally in all educational programs and services.

### **Professional Development (Most Recent Three Years)**

---

McFarland Unified School District offers many varied staff development opportunities throughout the year. Whenever possible, staff receives training designed for serving at-risk students in an alternative education. Staff Development topics have included Common Core State Standards, English Language Development, Gang Awareness, WASC Goals and Action Plans, Digital and Technology Training and other related areas. Teachers are supported through in-class coaching, teacher-principal meetings, and weekly teacher staff meetings to review student performance data reporting.
